TIGER BREN NAN DRIVE DUPLICATION - DINAH BEACH TO WOOLNER ROAD

PARTIAL OPENING OF TIGER BREN NAN DRIVE/ GONZALES ROAD INTERSECTION

By close of business Wednesday 4 December 2013, the intersection of Tiger Brennan Drive and Gonzales Road will be partially opened. This will allow motorists to use the intersection on a ‘left in, left out’ basis as follows:

- Traffic travelling on Tiger Brennan Drive inbound onto Gonzales Road will be left turn only.
- Traffic travelling from Gonzales Road onto Tiger Brennan Drive inbound will also be by left turn only.

In the interest of public safety, the intersection will be under traffic management to allow for the safe movement of heavy vehicles that are continuing to work on the construction project.

The new inbound lanes of Tiger Brennan Drive are anticipated to open by Christmas and the full opening of TBD/Gonzales intersection is scheduled for January 2014, weather permitting.

Once completed, the project will increase capacity on Tiger Brennan Drive and improve safety for side road traffic and pedestrian movement at the intersection.
