Partial Opening of Tiger Brennan Drive/Gonzales Road Intersection

Work on the duplication of Tiger Brennan Drive between Dinah Beach and Woolner is continuing.

As of Wednesday 4 December 2013, the intersection of Tiger Brennan Drive and Gonzales Road will be partially opened. This will allow motorists to use the intersection on a ‘left in, left out’ basis. Travel from Tiger Brennan Drive to city inbound onto Gonzales Road will be left turn only and travel from Gonzales Road onto Tiger Brennan Drive inbound will also be by left turn only.

The intersection will be under traffic management to allow for the safe movement of heavy vehicles that are continuing to work on construction.

In regards to the broader project, the full opening of TBD/Gonzales intersection is scheduled for January 2014.

Motorists are urged to travel with care in the area and adhere to all traffic management.

We thank you for your patience during this essential work.
