VICTORIA HIGHWAY/
BICENTENNIAL ROAD - KATHERINE
INTERSECTION UPGRADE

This intersection upgrade is part of the Australian Government funded Katherine Heavy Vehicle Alternate Route project and aims to improve road safety on this established heavy vehicle route in Katherine.

Works will commence on Wednesday 17 June to better cater for the movements of road trains and include:

• Bicentennial Road:
  ○ New dedicated lanes for left and right turns into Victoria Highway

• Victoria Highway:
  ○ New deceleration lane for right turn into Bicentennial Road
  ○ Lengthening and widening of existing deceleration lane for left turn into Bicentennial Road

• Modifications and replacement of existing traffic islands
• Resurfacing of the intersection
• Upgrading the street lighting and relocation of existing power/street lights

While the works are in progress, motorists are urged to travel with care in the area and adhere to all traffic management in place. Intersection upgrades are expected to be finished by mid-August, 2015.
